Make

Evaluate

Vocabulary

Puppet- a figure or model that is moved by a person

Material- the matter (stuff) from which a thing is or can be made

Textile- a type of cloth or woven fabric.

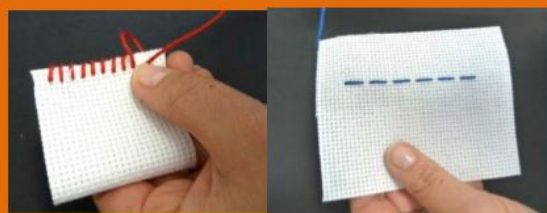

Fabric- a woven or knitted material either made from thread or yarn.

Template- a shape or pattern that is cut out of a hard material and used to make the same shape and pattern in other pieces of material

Join- link or connect two or more things together

Attaching materials

Different stitches can be used to join pieces of material.

over stitch

running stitch

I can join 2 pieces of material using a running stitch or over stitch.

Key Skills

- I can use my own ideas to make something.
- I can make a puppet to retell a traditional tale.
- I can choose appropriate resources and tools.
- I can make a simple plan before making.
