

Unit 10

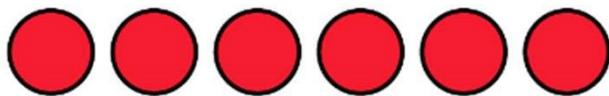

Fractions

In this unit we will ...

- ⚡ Learn about the whole and equal parts
- ⚡ Recognise and find a half
- ⚡ Recognise and find a quarter
- ⚡ Learn about unit and non-unit fractions
- ⚡ Learn about equivalent halves and quarters

What is half of 6?
You can use counters to help.

We will need some maths words.
Some are new. Which words do
you remember?

half ($\frac{1}{2}$) quarter ($\frac{1}{4}$) third ($\frac{1}{3}$) three quarters ($\frac{3}{4}$)

whole equal parts equivalent

denominator numerator

non-unit fraction unit fraction

Which of these is the
odd one out? Why?
