

Dear Parents / Carers,

We are excited to officially launch our new Artificial Intelligence Learning Platform for homework!

We have been working closely with Century for the past few months trying to get everything ready for the launch. Below are a few details about the platform. Your child will have been given a username and password to access the system.

Parents

We are delighted that your child will be using CENTURY and hope they enjoy the platform. Below are some suggestions to help your children as they study at home. For further information, visit our website www.century.tech.

What is CENTURY?
CENTURY uses AI to select the best lessons for your child to do next and helps inform teachers to make intelligent interventions.
Your child will have a unique learning pathway that is truly personalised to them to help clear the roadblocks in their learning.
Your child's teachers can access their results, and can also set work through the platform.

What your child will need:

- An internet enabled device using an up-to-date version of Chrome or Safari
- A desk or table and somewhere comfortable to sit
- Pen and paper for notes and workings out
- Headphones

North Drive
Sandfield Park
Liverpool
L12 1LE

Head Teacher: Miss K Peaston

Homework will be set for Years 3-6 using this system, as detailed in our last homework letter. We hope you like it and find that it tailors the learning to be appropriately challenging!

Yours sincerely,

Jamie Long
